

MORAY LOCAL REVIEW BODY

24 SEPTEMBER 2020

SUMMARY OF INFORMATION FOR CASE No LR239

Planning Application 20/00165/APP – Erect 800 mm fence on top of existing boundary wall at 1 Longwood Walk, Elgin

Ward 7 – Elgin City South

Planning permission was refused under the Statutory Scheme of Delegation by the Appointed Officer on 22 April 2020 on the grounds that:

1. The proposal is contrary to the provisions of the adopted Moray Local Development Plan 2015 (Policies PP3, H4, IMP1 and T2) and should be refused for the following reasons:
 - The fence is not of an appropriate scale for the existing site or surrounding area and therefore is contrary to policies H4 and IMP1.
 - The fence would remove an existing public frontage to the dwellinghouse and therefore is not in accordance with the requirements of policy PP3.
 - The fence would give rise to a reduction in inter-visibility between pedestrians, cyclists and vehicles which could give rise to issues regarding road safety and therefore is contrary to policies T2 and IMP1.

Documents considered or prepared by the Appointed Officer in respect of the above planning application are attached as **Appendix 1**.

The Notice of the Review, Grounds for Review and any supporting documents submitted by the Applicant are attached as **Appendix 2**.

No Further Representations were received in response to the Notice of Review.

I get replay for my enquiry and is said the planninn permission is required and transportation would not support the erection of high fence along the side frontage with Edgar road as proposed as this would reduce sightlines not only for vehicles exiting the existing driveway but also the around corner visibility for pedestrians and cyclists. Please see the letter and sketch on the below reference number.

PLANNING CONSULTATION RESPONSE

From: Transportation Manager

Planning Application Ref. No: 20/00165/APP

Erect 800mm high fence on top of existing 1m boundary wall at 1 Longwood Walk Elgin Moray IV30 6YZ for Mr Dawid Stasiak

I have the following comments to make on the application:-

Please

- | | | |
|-----|---|--------------------------|
| (a) | I OBJECT to the application for the reason(s) as stated below | x |
| (b) | I have NO OBJECTIONS to the application and have no condition(s) and/or comment(s) to make on the proposal | <input type="checkbox"/> |
| (c) | I have NO OBJECTIONS to the application subject to condition(s) and/or comment(s) about the proposal as set out below | <input type="checkbox"/> |
| (d) | Further information is required in order to consider the application as set out below | <input type="checkbox"/> |

It is noted that this proposal is part retrospective in nature – this response is based on the submitted drawings only, and with any Enforcement issues dealt with as a separate matter.

This site is located in close proximity to Greenwards Primary School. The adjacent footways and cycle tracks are therefore subject to high numbers of pedestrians and cyclists, including a high proportion of children. A signalised pedestrian crossing point over Edgar Road is located immediately adjacent to the site.

The section of high fence located between the vehicular access and the southern site boundary with the adjacent property obstructs the inter-visibility for pedestrians and cyclists travelling between Longwood Walk (remote Cycle track) and the U171E Edgar Road, at a location where a high number of pedestrians would be present. The resulting obstruction to the visibility splays would mean that pedestrians and cyclists would not be able to see each other from the other side of this obstructed corner, possibly resulting in one of the pedestrians/ cyclist having to take avoidance action onto the carriageway, potentially into the path of a passing vehicle.

The section of high fence located along the site frontage onto Edgar Road between the vehicular access and the eastern site boundary with the adjacent property would also obstruct the visibility splay for vehicles exiting the site and may result in a vehicle exiting the site colliding with a passing pedestrian or cyclist, or again possibly resulting in them having to take avoidance action onto the carriageway.

Reason(s) for objection

The proposed development, if permitted, would result in a reduction to the previously

available pedestrian visibility splays at a sensitive location where a high number of pedestrians and cyclist are likely to be present. The resulting loss of inter-visibility between pedestrian's, cyclists and vehicles would be likely to give rise to conditions which would be detrimental to the road safety of road users contrary to Moray Local Development Plan policies T2 Provision of Access and IMP1 Development Requirements.

Note - The submitted drawing shows sections of low fence (presumably based on comments previously provided by Transportation in response to a previous Informal Determination (ID) request by the same applicant for a similar proposal); however the fence as shown would not provide the full extents of the required visibility splays. It should be highlighted that only minor amendments to the proposed fence would be required in order for Transportation to provide a positive response to this proposal.

Transportation sought an updated drawing which reflected the minor amendments required, via a 'Further Information' Planning Consultation response. However, updated drawings have not yet been submitted, and the Planning officer has subsequently requested that Transportation provide a 'Final' Planning response based on the submitted drawings/details.

Comments on application number
20/00165/APP

The photo submitted is one taken a few years ago a recent site picture would show that the fence has already been erected without planning permission.

The plan says that the wall between our properties is 1 metre high but as seen on the picture he submitted it goes up in height making the fence higher than shown.

A fence of this height will cause much ~~shading~~ shadowing to my house and garden.

Mr Stasiak has put privacy
for reason for building.

I have lived here for over
20 years and have never
felt that my front garden
is not or have the need of
privacy and my house is closer
to Edgar Road.

I do not want a big wooden fence
up between the two houses as
the one he has erected looks
terrible I hope this helps
with your decision.

Summary and Assessment of main issues raised by representations		

Issue: Fence has already been erected
Comments (PO): Following a site visit it was confirmed that the fence was already partially erected and therefore this is considered a part-retrospective application.
Issue: Wall height between properties is higher than 1m as is stepped up
Comments (PO): This is noted
Issue: Fence would cause overshadowing
Comments (PO): A fence/wall of 2m is unlikely to give rise to a loss of light/overshadowing to neighbours. However, overall a fence of this height, in this location is not of an acceptable scale for the site or surrounding area and is therefore unacceptable in terms of amenity.
Issue: Privacy is not an issue in this location
Comments (PO): The applicant states that the reason for the fence is to provide privacy to the existing garden. The nature of the site is that most of the garden ground is to the front or side of the property, where there is a lower expectancy of privacy.
Issue: Fence does not look good
Comments (PO): The fence is overbearing on the site and surrounding area and is not in keeping with neighbouring properties which all have lower fences or walls to the front garden
Issues: Protection for moles, hedgehogs and bumblebees
Comments (PO): Wildlife have been considered generally as part of the application and there not expected to be any impact on a European Protected Species.
Issues: All applicants should be required to plant a tree
Comments (PO): There is no loss of woodland in this application therefore compensatory planting is not required.

OBSERVATIONS – ASSESSMENT OF PROPOSAL

Section 25 of the 1997 Act as amended requires applications to be determined in accordance with the Development Plan i.e. the adopted Moray Local Development Plan 2015 (MLDP) unless material considerations indicate otherwise. On 18 December 2018, at a special meeting of the Planning and Regulatory Services Committee, the Proposed Moray Local Development Plan 2020 was approved as the "settled view" of the Council and minimal weight will be given to it, with the 2015 MLDP being the primary consideration.

Further consideration of the weight to be attached to the Proposed Plan was considered and agreed at the Planning and Regulatory Services Committee on 29th January 2019, with the Committee agreeing that between June/ August 2019 and adoption of the new LDP in mid-2020, the weight to be given to matters set out in the Proposed Plan will vary;

- Where matters set out in the Proposed Plan are subject to unresolved objections which will be considered through Examination, then those matters will continue to be given minimal weight as a material consideration in the development management process.
- Where matters set out in the Proposed Plan are not subject to unresolved objections, they will

be given greater weight as a material consideration in the development management process.

The weight to be given will be considered on a case by case basis and will be agreed by the Development Management Manager and Development Plans Principal Planning Officer.

On 25 June 2019 the Planning & Regulatory Services Committee agreed to give greater weight to sites within the proposed Plan which are not subject to the Examination process from 1 August 2019.

In this case the proposal is not subject to a designated site.

The main issues are considered below.

Proposal

The application seeks to planning permission to erect an 800mm fence on top of existing 1m boundary wall. The application is part-retrospective in nature with the fence having already been erected on the northern and western boundaries, without planning permission.

Site

The site is located at 1 Longwood Walk, Elgin. The existing domestic property is an end-of-terrace two storey dwellinghouse set within a corner plot (on the corner of Longwood Walk and Edgar Road). The site is bound by the public road to the north, and a footpath to the west and Greenwards Primary School sits to the west of the site.

Policy Assessment

Siting & Design (MLDP Policies PP3, H4, IMP1)

This application will be assessed principally against policies PP3, H4 and IMP1. Policies H4 and IMP1 require new development proposals to be sensitively sited, designed and serviced appropriate to the amenity of the existing property and the wider locality. Policy PP3 states that developments should, amongst other criterion; ensure buildings front onto streets with public fronts and private backs and have cleared defined public and private space.

The application seeks to erect an 800mm fence on top of an existing 1m high wall. The fence is to be erected on the northern, western and part of the southern and eastern boundaries. The application is part-retrospective in nature with the fence having already been erected on the northern and western boundaries, without planning permission. The northern boundary fronts onto Edgar Road and the western boundary fronts onto a public footpath

The existing site and surrounding area are characterised by terraced or semi-detached dwellinghouses, set along an established building line in a uniform manner. The houses on Edgar Road and Longwood Walk all have public front gardens, low boundary fencing or walls (up to 1m in height) and private backs often with a higher rear boundary enclosure. Mutual side boundaries in this area are also commonly defined by low walls or fences of around 1m or less. The site at 10 Longwood Walk is set on a corner (facing onto Longwood Walk) where a large proportion of the garden is either to the front (facing onto the footpath), or the side of the dwellinghouse (facing onto the public road). This results in a large area of garden ground which is considered to be a 'public frontage'. The proposal for a high level fence (800mm on top of an existing 1m high wall) would therefore not be acceptable in this location as it would fully enclose the front garden creating a private garden space and remove the existing public frontage of the dwellinghouse. This would not be in keeping with the established boundary pattern within both Longwood Walk and Edgar Road and would detract from the established character of the area, resulting in a loss of amenity. A fence of this height and design, would be acceptable at the rear of the property only (where that boundary does not front a road), and is therefore not suitable in the location as proposed.

Therefore, overall, the proposal would not accord with policies PP3, H4 or IMP1 and refusal is

recommended.

Access (T2)

The Moray Council Transportation Section have been consulted and have outlined that the proposed development would result in a reduction to the previously available pedestrian visibility splays at a sensitive location where a high number of pedestrians and cyclist are likely to be present. The resulting loss of inter-visibility between pedestrians, cyclists and vehicles would be likely to give rise to conditions which would be detrimental to the road safety of a number of road users and therefore the proposal is contrary to Moray Local Development Plan policies T2 Provision of Access and IMP1 Development Requirements.

Transportation note that the submitted drawings show sections of 'low fence' (although no measurements have been provided). Should an amended plan be submitted providing a lowered fence height in these indicative locations, the appropriate inter-visibility between road users would be provided and the objection from Transportation could be removed.

Conclusion

The proposed fence is not in keeping with the established character of the existing site and surrounding area and would remove an existing public frontage to the dwellinghouse. The fence is also not acceptable in terms of road safety and would reduce inter-visibility between road users.

As a result, the proposal contrary to policies PP3, H4, IMP1 and T2 of the Moray Local Development Plan 2015 and refusal is recommended.

SCHEDULE OF REASON(S) FOR REFUSAL

By this Notice, Moray Council has REFUSED this proposal. The Council's reason(s) for this decision are as follows: -

- 1 The proposal is contrary to the provisions of the adopted Moray Local Development Plan 2015 (Policies PP3, H4, IMP1 and T2) and should be refused for the following reasons:
 - The fence is not of an appropriate scale for the existing site or surrounding area and therefore is contrary to policies H4 and IMP1.
 - The fence would remove an existing public frontage to the dwellinghouse and therefore is not in accordance with the requirements of policy PP3.
 - The fence would give rise to a reduction in inter-visibility between pedestrians, cyclists and vehicles which could give rise to issues regarding road safety and therefore is contrary to policies T2 and IMP1.

Description of Proposal

Please provide a description of your proposal to which your review relates. The description should be the same as given in the application form, or as amended with the agreement of the planning authority: *
(Max 500 characters)

Erect 800mm fence on top of existing boundary wall.

Type of Application

What type of application did you submit to the planning authority? *

Application for planning permission (including householder application but excluding application to work minerals).

Application for planning permission in principle.

Further application.

Application for approval of matters specified in conditions.

What does your review relate to? *

- ☒ Refusal Notice.
- ☐ Grant of permission with Conditions imposed.
- ☐ No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: * (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

All 3 points which my planning application has been refused are absolutely incompatible with what you can observe around New Elgin and whole city. The fence we need for our privacy as we have a sun all day at the front and side of the house where we have our patio. Fence also is the barrier from loud traffic lights which have been installed without any notifications. Fence also allows us to keep our dog in the garden without people trying to pat him all the time. Keep garden clean from rubbish etc

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? *

☒ Yes ☐ No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: * (Max 500 characters)

That was my first planning application and I never put any support to my application. After paying £50 for enquiry and been advised from transportation how the fence has to be done and apply for planning application with additional cost of £202 I thought I don't need anything else apart from plans and drawings.

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: * (Max 500 characters)

1.Location plan 2.Elevation and sit plan 3.Landscape 4.Plan as per transportation

Application Details

Please provide the application reference no. given to you by your planning authority for your previous application.

Review Procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Can this review continue to a conclusion, in your opinion, based on a review of the relevant information provided by yourself and other parties only, without any further procedures? For example, written submission, hearing session, site inspection. *

☐ Yes ☒ No

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may select more than one option if you wish the review to be a combination of procedures.

Please select a further procedure *

By means of inspection of the land to which the review relates

Please explain in detail in your own words why this further procedure is required and the matters set out in your statement of appeal it will deal with? (Max 500 characters)

I would like some one to come and speak to me face to face. As two out of three points of rejection my application was -fence is not appropriate scale for existing site -fence would remove an existing public frontage to the dwellinghouse just on site around me people having fencing without a planning permission (checked on public access) and nobody never check this so I just wonder if this rules are just for MY HOUSE.

Please select a further procedure *

Holding one or more hearing sessions on specific matters

Please explain in detail in your own words why this further procedure is required and the matters set out in your statement of appeal it will deal with? (Max 500 characters)

I send enquiry to Moray Council about the fence and I get letter to pay fee of £50 and I will be advise on it. I get another letter telling me I need planning permission and have to be done as per transportation request and I have to pay additional £202. Then I get a phone call and email from Fiona Olsen and she said my application will be refused but I get another email telling me I have to pay another £113.51 for advertisement fee. No one will come to speak to my at all.

Please select a further procedure *

Further written submissions on specific matters

Please explain in detail in your own words why this further procedure is required and the matters set out in your statement of appeal it will deal with? (Max 500 characters)

I don't think an moray council officer did any inspections on site around my house. Ben aigen walk is about 3 or 4 houses with fence on the front and nobody bothers them. Just on my street people having fences all mix and match no one is the same. For us privacy matter and I don't think anybody like to sit outside and have barbeque and all people walking past are looking. Fence keep garden clean from kids from high school is stopped them throwing rubbish,keep cats poop in the garden is well.

In the event that the Local Review Body appointed to consider your application decides to inspect the site, in your opinion:

Can the site be clearly seen from a road or public land? *

☒ Yes ☐ No

Is it possible for the site to be accessed safely and without barriers to entry? *

☒ Yes ☐ No

Checklist – Application for Notice of Review

Please complete the following checklist to make sure you have provided all the necessary information in support of your appeal. Failure to submit all this information may result in your appeal being deemed invalid.

Have you provided the name and address of the applicant?. *

☒ Yes ☐ No

Have you provided the date and reference number of the application which is the subject of this review? *

☒ Yes ☐ No

If you are the agent, acting on behalf of the applicant, have you provided details of your name and address and indicated whether any notice or correspondence required in connection with the review should be sent to you or the applicant? *

☐ Yes ☐ No ☒ N/A

Have you provided a statement setting out your reasons for requiring a review and by what procedure (or combination of procedures) you wish the review to be conducted? *

☒ Yes ☐ No

Note: You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. You may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

Please attach a copy of all documents, material and evidence which you intend to rely on (e.g. plans and Drawings) which are now the subject of this review *

☒ Yes ☐ No

Note: Where the review relates to a further application e.g. renewal of planning permission or modification, variation or removal of a planning condition or where it relates to an application for approval of matters specified in conditions, it is advisable to provide the application reference number, approved plans and decision notice (if any) from the earlier consent.

Declare – Notice of Review
