Responsible Officer:	James Hunter
Information Sought:	Response:
(iv) that a further report be brought to a future meeting of this Committee detailing how Glyphosate will be phased out by 2025.	In order for the Council to progress the preparation of a report outlining how Glyphosate could be phased out by 2025, an additional budget will be required to resource the procurement of an external consultant to deliver this work as this cannot be achieved within our current resources. A report will be prepared for Corporate Committee for budget approval in the first instance. Subject to budget approval and the procurement process a further report on the phasing out of Glyphosate is expected to be prepared for ED&I Committee on 18 June 2024.
