High	Key controls absent, not being operated as designed or could be improved. Urgent attention required.	Medium	Less critically important controls absent, not being operated as designed or could be improved.		Low	Lower level controls absent, not being operated as designed or could be improved.
No.	Audit Recommendation	Priority	Accepted (Yes/ No)	Date of Completion	Status / Explanation	
					to be held intention is locally. A	v Scottish Government and are due in November 2023, thereafter the to carry out simulation exercises revised implementation date has d as 31/03/2024.
5.06	A review of existing insurance cover should be carried out to ensure the level of cover is appropriate and adequate in relation to the threat level from cyber-attack.	Medium	Yes	30/09/22	Implemented – ICT and Council Officers responsible for insurance have met with existing and wider insurers to discuss the level of cover available for cyber security. There are currently national issues relating to the level of cover available. This specific issue will continue to be discussed at annual review to ensure the Council can minimise the risks in this area.
