

<b>Action from ED&amp;I Committee 7 February 2023</b>	
Agenda Item No:	8
Agenda Item:	Update on Zero Emission Fleet Replacement Strategy
Responsible Officer:	Rod Lovie
<b>Information Sought:</b>	<b>Response:</b>
(v) note that implications on any delay in reducing Moray Council carbon emissions from fleet vehicles will be worked into the update of the Moray Council's Route Map to Net Zero (RMNZ) which is being reported to this Committee in May 2023.	The impact of changes in timing of fleet decarbonisation to carbon emissions has been calculated and included in the update of the Route Map to Net Zero being presented to EDI committee on 2.5.23. The impacts of this changes to timing will mean reaching Government statutory targets of fleet decarbonisation, however there is an acceptance that this will mean additional carbon emissions until closer to the statutory deadline and so will make the Council target of net zero by 2030 more difficult.

Once completed please return to [committee.services@moray.gov.uk](mailto:committee.services@moray.gov.uk) for publication on CMIS and circulating to Elected Members and copy in [CMTAdmin@moray.gov.uk](mailto:CMTAdmin@moray.gov.uk)
