

APPENDIX I – PROPERTIES LET AT NOMINAL RENTS

Most leases involve the tenant taking on full responsibility for all property costs, including repairs and maintenance – these lease types are designated by the letters FRI. In some cases, the tenant is responsible for internal repairs only – these are denoted by the letters IRO. Where properties are let at nominal rents a valuation would be required in order to identify the current value of the rental concession. The list is grouped by title, i.e. general services, common good and public trust, and sorted by expiry date with the earliest dates at the top.

	Location	Community Body	Property	Lease Type	Date of Entry	Term	Expiry	Annual Rent	Next Rent Review Date
A. General Services									
1.	Hopeman	Hopeman Community Association (Note 1)	Fisherman's Shelter, Harbour	FRI	01/04/1997	21 years	Annually on 31 March	£1.00	N/A

Notes

1. The arrangements with Hopeman Community Association work well. The Council can regain possession of both areas should that be required.
2. Under the terms of the trust Keith Bowling Club has an ongoing right to occupy and use the bowling green without payment of rent.
3. The rent payable for the Fleming Hall was set at £1 (if asked) but with a provision for quinquennial rent reviews. The rent review clause contains provision for determining whether the concession should continue. There is a mutual option to terminate the lease every five years.
