**3. BACKGROUND**

- 3.1 When an ELC setting is inspected by Education Scotland a report is published (by Education Scotland) which gives commentary on the school's performance. These reports are presented regularly to this Committee, where possible at the first available opportunity after publication.
- 3.2 In October 2018, Education Scotland inspected Cullen Primary Nursery, Cullen using the Full Inspection Visit Model.

The key features of the full inspection visit model were:

- The team was composed of an Assessor and Care Inspectorate representative.
- Inspectors spent two days at the setting.
- There was a focus on two Quality Indicators (QIs) which will be evaluated using the six-point scale, namely;

QI 2.3 Learning, Teaching and Assessment  
QI 3.2 Securing Children's progress

Both of these QIs feed directly into the evidence base for the National Improvement Framework.

No additional QI was required by the inspecting team. The inspectors had a focus on safeguarding as is the case in every inspection. These were not graded.

- 3.3 The aim of the full inspection visit was to validate the two QIs 2.3 and 3.2 from the How Good Is Our Early Learning and Childcare? (HGIOELC) quality framework. The gradings were;

HGIOELC

QI 2.3 Learning, Teaching and Assessment - **good**  
QI 3.2 Securing Children's progress - **good**

- 3.4 The inspection findings indicated that Cullen Primary Nursery has the capacity to continue to improve so no further visits, in relation to this inspection, will be made.
- 3.5 The summary of the inspection report is contained in **Appendix 1**. The original inspection report and summary of inspection findings can be viewed at:
