During her introduction, the Chief Officer advised that the Clinical Risk Management Group met weekly to ensure that any potential issues are addressed as soon as possible.

The Chair was reassured by this however queried whether it would be possible to provide a flow chart to demonstrate how the Clinical Governance Group and the Clinical Risk Management Group relate to each other.

In response, Ms Harper, Lead Nurse (MIJB) agreed to provide this information to the Committee.

During discussion surrounding recording of complaints, concern was raised that the way in which the figures were displayed did not accurately reflect cases that had been passed to the Scottish Public Services Ombudsman (SPSO) and it was queried whether future reporting could clearly reflect which cases had been passed to the SPSO. It was further noted that the report only included NHS complaints with no mention of Council complaints and it was queried whether consideration could be given to reporting both together.

In response, the Chief Officer accepted the comments from the Committee and agreed to review the method by which complaints are recorded so that future reports include the number of complaints passed to the SPSO and joint reporting with the Council in terms of complaints.

During further discussion surrounding the 2 issues that had been escalated to the Clinical and Care Governance Committee in relation to Health and Social Care Standards Self Evaluation and the quality of nursing care in care homes it was queried whether an update could be provided in this regard.

In response, the Chief Officer advised that work is ongoing in conjunction with the Care Inspectorate to ensure quality nursing care in care homes. It was also noted that consideration had been given to Adult Support and Protection concerns under close scrutiny in the ASP Committee and considered regularly at the Public Protection Chief Officers Group.
